Writing can used digital tools to produce and publish writing. can used digital tools to produce and publish writing. can solve addition and subtraction are related. can add sums to 10, 20 and know the related subtraction facts. can find the missing number in addition and subtraction equations. can explain problem-solving strategies. Numbers and Operations in Base Ten can count to 150. read, write and identify numbers to 40, 60, 80, 100 tetal place value using tens and ones. can add or subtract 10 from in my head without counting. can add or subtract 10 from in my head without counting. can add or subtract 10 from in my head without counting. can add or subtract 10 from in my head without counting. can add or subtract 10 from in my head without counting. can add or subtract 10 from in my head without counting. can add or subtract 10 from in my head without counting. can add or subtract 10 from in my head without counting. can add or subtract 10 from in my head without counting. can add or subtract 10 from in my head without counting. can add or subtract 10 from in my head without counting. can add or subtract 10 from in my head without co		Teacher Comr		<u>_</u>	丄	
Jose Knowledge that every syllable must have a vowel sound know every syllable needs a vowel. Literature Can read fluently with purpose and understanding. Level: Literature Can ask and answer questions about details in a story. Can retell stories using the central message, lesson, or moral. Can compare text genres Informational Text Can tell the main topic and important information in a text. describe how two individuals, events, or ideas are connected. Less text features to find information. Can compare two texts on the same topic. Language Use standard grammar when I write and speak. Use capitalization, punctuation, and spelling correctly. Less estrategies to determine the meaning of unknown words. Less evacuabuary gained in conversations and texts. Writing Can write in different ways (opinion, informative,& narrative). Can use digital tools to produce and publish writing. Can use digital tools to produce and publish writing. Can research information to include in my writing. MATHEMATICS Departions and Algebraic Tiniking Can solve addition and subtraction problems. Loan find the missing number in addition and subtraction facts. Can find the missing number in addition and subtraction related subtraction facts. Can find the missing number in addition and subtraction equations. Can explain problem-solving strategies. Numbers and Operations in Base Ten Can cand dumber and one-digit numbers (ex. 20+3) Lean compare 2 digit numbers with greater than, less than, or equal symbols (<, >, or =) Measurement and Data Can can add ons the related subtraction relations. Can add on the digit numbers with greater than, less than, or equal symbols (<, >, or =) Measurement and Data Can can add any addition and subtraction facts. Can find the missing number in addition and subtraction equations. Can can add writing of 10 to a two-digit number (ex. 20+24) Can compare two-digit numbers with greater than, less than, or equal symbols (<, >, or =) Measurement and Data Can can deal of the sumber				.5		_
know every syllable needs a vowel. can read fluently with purpose and understanding. Level: Iterature can ask and answer questions about details in a story. can retell stories using the central message, lesson, or moral. can compare text genres Informational Text can tell the main topic and important information in a text. describe how two individuals, events, or ideas are connected. use text features to find information. can compare two texts on the same topic. can compare two texts on the same topic. can compare two texts on the same topic. anguage use standard grammar when I write and speak. use capitalization, punctuation, and spelling correctly. use strategies to determine the meaning of unknown words. understand word similarities and differences. use voabulary gained in conversations and texts. Writing can write in different ways (opinion, informative,& narrative). can used digital tools to produce and publish writing. can execarch information to include in my writing. Derations and Algebraic Thinking can solve addition and subtraction problems. understand how addition and subtraction problems. understand how addition and subtraction are related. can add sums to 10, 20 and know the related subtraction facts. can find the missing number in addition and subtraction equations. can explain problem-solving strategies. Can compare two-digit numbers with greater than, less than, or equal symbols (<,>, or =) Measurement and Data can use a variety of materials (i.e paper clips, cubes) to measure and compare lengths can tell and write time to the hour and half-hour using an analog and digital clock can create, read, and answer questions about graphs (i.e. pictographs, bar graphs) Geometry can identify and describe shapes (i.e. triangle- 3 vertices, 3 angles, closed.) can use two 2D or 3D shapes to make a different geometrical shape. can divide circles and rectangles into halves and fourths. SCIENCE understand concepts and vocabulary. apply science skills to think critically and solve problems.
