Dear Parent/Guardian:

I am writing this letter to notify you that Wagram Elementary School has been dually designated as both a North Carolina Low-Performing school and a federally identified Targeted Support & Improvement Additional Targeted Support (TSI-AT) school by the North Carolina State Board of Education.

As defined in G.S. 115C-105.37: "The State Board of Education shall identify low-performing schools on an annual basis. Low-performing schools are those that earn an overall school performance grade of D or F and a school growth score of "met expected growth" or "not met expected growth" as defined by G.S. 115C-83.15." Legislation (G.S. §115C-83.15) passed during the 2013 long North Carolina General Assembly session provides parents with an additional measure of school performance in the form of School Performance Grades. Beginning with the 2013–14 school year, the annual North Carolina School Report Cards display a letter grade of A, B, C, D, or F for each school in the state.

School Performance Grades are based 80 percent on our school's achievement score (student proficiency) and 20 percent on students' academic growth. At Wagram Elementary School, our achievement score for the 2023-2024 school year is based on how well our students performed on Grades 3-5 Mathematics, Grades 3-5 English Language Arts/Reading, and Grade 5 Science. Wagram Elementary School received a School Performance Grade of D and a growth designation of Met for the 2023–2024 school year.

In addition, per the Every Student Succeeds Act (ESSA) Section 1111(d)(2), schools receive the federal identification of TSI-AT in North Carolina by having one or more of the following subgroups receive a subgroup performance grade score at or below the lowest 5% of schools across the state during the 2022-2023 academic year; and being identified as a consistently underperforming subgroup for the previous year. Subgroup performance scores are provided for the following subgroups of students: (1) Students with Disabilities, (2) Economically Disadvantaged, (3) Black, (4) White, (5) Hispanic, (6) Asian-Pacific Islander, (7) Multi-racial, and (8) English Learners.

As a dually designated TSI-AT and NC low-performing school, Wagram Elementary School is required to develop a comprehensive improvement plan that specifically addresses how the school will improve student achievement. The plan will also include strategies that our district or

charter will employ to support Wagram Elementary School's improvement efforts. The comprehensive improvement plan will address the following areas:

- Classroom Management

- Professional Learning Communities (PLCs)
- Instructional Leadership
- Recruitment & Retention of Effective Teachers
- Support for Grade-to-Grade Transitions
- Implementation of a Tiered Instructional System
- Data-Driven Decision Making

- Family and Community Engagement

We have set the following goals for Wagram Elementary School this year:

- Increase proficiency score by 5 points

Here are some strategies that Wagram Elementary School will be implementing to improve student outcomes:

We are committed to improving student performance. It is important to remember that just as no one single score or grade tells the whole story of a student, neither does it tell you everything about the performance of a school or the opportunities that our school provides. The intent of receiving these designations is to improve educational outcomes for all students, close achievement gaps, increase equity, and improve the quality of instruction. We're excited about this school year and are working to make it a success for your child.
